

To all the Users of ISRO's INSAT/GSAT Transponder Capacity - A message from NSIL

In the midst of the coronavirus (COVID-19) epidemic and Government of India announcement on complete lockdown in country for 21 days i.e. until 14 April 2020, we would like to inform you all that the existing services on INSAT/GSAT satellites would continue uninterruptedly beyond 31 March 2020.

All the necessary formalities related to the above would be regularized by ISRO/ NSIL once the current situation improves.
