

## NewSpace India Limited (NSIL)

[A Government of India company under Department of Space]

### Inauguration of Residential Skill Development in Aerospace Welding and CNC Machining

---

#### Human Resources Development – A key to success of any activity

NewSpace India Limited (NSIL) with the help of Capacity Building Programme Office (CBPO), ISRO HQ has organized a Human Resources Development activity for NTC/NAC holders in the area of Aerospace Welding and CNC Machinist in association with National Skill Training Institute (NSTI), Bangalore. CBPO had identified the two branches where they have assessed that the shortage of skilled manpower is hampering the aerospace manufacturing activities in the country. 20 candidates in each area were selected through an All India Online Selection Process jointly by CBPO & NSTI and Training will be imparted to these candidates.

The programme is fully residential and is 100% financially supported by NSIL under its CSR programme.

The programme got to an Auspicious start today March 22, 2021 in the august presence of **Dr. K.Sivan**, Chairman, Space Commission/Secretary, DOS/Chairman, ISRO and **Shri Praveen Kumar, IAS**, Secretary, Ministry of Skill Development and Entrepreneurship (MSDE). The month-long programme hosted at NSTI, Bangalore will conclude on April 23, 2021.

#### Glimpses of Inaugural Programme
